“I’m opting for a new generation of retirement savings”

A winning combination tailored to your risk profile

MySmartPension, for a comfortable retirement

Do you want to maximise your return opportunities?

MySmartPension is a tax-efficient insurance product that combines traditional savings solutions with stock market investments to take advantage of the best returns on the market.

A positive impact on your tax return

Through the lifetime of your policy, you can deduct the amount of your retirement insurance premiums from your annual tax base (Article 111a of Luxembourg’s income tax law).

Annual maximum deductible amount
3.200€
regardless of age

At the maturity of your policy

Savings can be released from the age of 60, provided that the policy has been open for a minimum of 10 years.

Possibility of recovering
100%
of the capital saved in one lump sum

The advantages of MySmartPension

Attractive returns

Part of your savings is invested in the financial markets so that you can take advantage of high potential returns - investment funds with no guaranteed capital subject to market fluctuations.

Gradual shift to less risky investments

Gradual reduction in your exposure to risk as you approach retirement.

Guaranteed rate

Part of your savings is invested in a guaranteed **1.25%** interest rate vehicle with profit sharing.

The responsible investment decision

AXA offers you a choice of funds that take sustainable investment into account.

Flexibility of your payments

Agree on a periodic amount, but remain free to make additional payments at any time.

Choice of benefit at retirement

At the maturity of your policy, you can choose:

- to receive your capital payment in one lump-sum
- to convert your capital into monthly annuities for life
- withdrawals
- or a combination

Free designation of beneficiaries

For the payout of the capital in the event of death.
